Our Vision

Building people up holistically with dignity, respect and love.

Our Mission

To be a dynamic, innovative housing and service provider in the communities we serve assisting individuals to reach higher levels of personal growth, independence and resilience by providing supports and meeting needs

through a person-centred approach.

North Battleford Housing Program

The Lighthouse Housing Program in North Battleford offers adults a safe living environment with case management support for people at risk of homelessness.

The Lighthouse Philosophy of Care

We believe in a person-centred, harm reduction approach to care through a trauma informed lens.

Our service response begins with accepting the intrinsic value of the person along with their choices and circumstances.

We focus on the provision of immediate and basic needs, skilled engagement, relationship building and fostering of therapeutic community.

Taking into account an individual's unique abilities, needs and choices, service responses are matched with wherever the person is in the change process. Rather than expecting an individual to "fit" into existing programming, we work with the person to develop personal goals and provide supports that "wrap around" them.

While still supporting the longer range goals of growth, development and independence, Lighthouse service also focuses on the here and now to reduce the harms associated with chronic, high risk lifestyles and choices.

Housing Participant Eligibility

- At risk of homelessness
- May have an intellectual disability, or a disability stemming from an acquired brain injury or FASD.
- Inadequate connections to community support
- May need assistance learning basic daily living activities such as preparing meals, paying bills, taking medication, attending appointments, etc.
- Registered or qualified for Saskatchewan Assured Income for the Disabled (SAID) Program, or able to secure funding/payment for monthly housing and living costs.

Program Details

- Housing located in North Battleford
- Participants have their own room. Many units have a private bathroom and kitchen.
- Laundry facilities
- Access to transit
- Case management support
- Residents develop a case plan with the program case managers to explore and pursue personal goals. This may include recovery-based programs, coping skills, life skills development and recreational/leisure programming in the community.
